## Art About Town Map A Guide to our Outdoor Gallery and Exhibitions

### All the World's a Stage

This year's outdoor gallery is inspired by Shakespeare's famous speech from As You Like It. This wonderful display of giant paintings, adorning buildings around town celebrate the theatre, films and performance around the globe and the themes of this famous monologue. Many thanks go to all the artists for these superb works, to those who have given permission for us to use their walls, to the Scouts for the use of their hut for painting sessions and to our hardworking committee members organising this amazing gallery. The paintings will be on display from Monday 15th May to Saturday 10th June.

## Children's Outdoor Gallery

### Huntingdon Court
